The conversion of womankind to BICY-CLING has created a demand for a fabric heavy enough for strength, yet sufficiently light in weight for comfort. One nonshrinkable from exposure and of colors least liable to soil or fade.

We have JUST RECEIVED a new material, a mixture of Raw Silk and Wool, 38 inches wide, at 55c per yard. It is the proper thing for a wheel costume.

CYCLING and RIDING COSTUMES

SUMMER WORK BEGUN

in the Batch-Final Action on Two Brick and Two Asphalt Streets.

The city engineer was yesterday instructed by the Board of Works to prepare papers for the following improvements: Cement sidewalks, five feet wide, on Fulton street, from Ohio to St. Clair street; asphalt on East street, from Washington street to Massachusetts avenue; asphalt on Home avenue, from Deleware street to Hill avenue; cement sidewalks on Maryland street, from Illinois street to Capitol avenue; a local sewer to connect with all the property in the district between Seventh and ! welfth streets and Illinois and Mississippi streets; a local sewer extending 630 feet north of Fourteenth street in Illinois street; asphalt on New York street, from Blake to Agnes street; asphalt on Ohio street from West street to Mississippi street; cement sidewalks on Andrews street, from Fourteenth to Seveneenth street; brick on Michigan street from Blake street to the old mill race; from Blake street to the old mill race; brick on South East street from Virginia avenue to Morris street; asphalt on Elm street, from Noble to Dilion street.

Final action was taken on the following resolutions: Brick roadway on Pearl street, from Capitol avenue to Mississippi street, and from Delaware to Alabama street; asphalt on West street, from New York street to Indiana avenue; asphalt on Prospect street, from State avenue to Auburn street. There were no remonstrances presented against any of the improvements.

LOWEST BIDDER FAILED.

Bridge Contract Let to a Company Which Overbid Two Competitors. The contract for the new bridge to be built over Pleasant run, at Spruce street, was let yesterday to the New Columbus Bridge Company, of Columbus, O., at \$2,460. There were two bids lower than this one. J. D. Adams & Co., of this city, bid \$2,170, and Nelson & Bailey, of this city, bid \$2,298. Mr. Holton and Mr. Atkinson had a conference with the representatives of these two bidders yesterday morning and decided that their bids could not be considered. When the matter was explained to Mr. Osterman he concurred in the opinion held by the other members of the board. It was shown that neither of the Icwest two bidders had a lant for the manufacture of the parts of bridges, but depended on buying the material made ready for erection. It was not believed that a contractor could know whether his material complied with the requirements of the specifications if he did not manufacture it himself. Both men admitted that the beams would be shipped here with a coat of paint and that in that condition they would be unable to determine whether good material was used. City Engineer Brown advised that it was best to have a manufacturer build this bridge. The lowest bidder was \$290 under the New Columbus Bridge Company. bidders yesterday morning and decided that

Will Accommodate a Corporation. The Board of Works yesterday decided to negotiate with the Pennsylvania Railroad Company in regard to the proposition to buy a small strip of ground on the west side Garfield Park. At the present time the railroad company has no title to the land it now occupies that is a part of the quarter section on which Garfield Park is located and an attempt will be made to make the company pay for it. The company simply claims it by occupancy and want a clear title for it. The strip it wants to buy is twelve feet wide from the south end of the park to a point about half way to Pleasant run, where it begins to widen and is thirty feet in width at the creek. There it begins to narrow again and is only twenty-five feet wide at the north end. The area is about .87 of an acre. John J. Appel, Kenneth Reid and W. H. Hobbs have been asked to assist the board in arriving at a proper price to be charged for the strip. The Council will be asked to grant the board the power to dispose of the land.

Minor Municipal Notes. A water main with two fire hydrants was ordered laid in Barth avenue, from Sanders to Roll street. A petition was filed asking for the con-struction of a local sewer in Vermont street, from Capitol avenue to Illino's

Last week's street department pay rolls were approved yesterday, as follows: Street repairs, \$679.06; sewer gang, \$119.10; bridge gang, \$127.

J. S. Cruse and Charles Bookwalter have been asked to confer with the Board of Works next Tuesday in regard to the opening and straighteing of Capitol avenue. They will probably act as ap-

The opening of First street along the bank of Fall creek was ordered by the Board of Works. The property owners who will be damaged have agreed to accept the benefits as a set off and the improvements will be pushed through. The city engineer has submitted an estimate of the cost of ten alcove drinking fountains for Tomlinson Hall. If made of nickle-plated copper the cost would be about \$490; Bedford stone, \$540; marble, \$740. The cost being considered too high the board declined to order them.

ONLY THREE TOLL ROADS LEFT.

Petitions Filed Asking that County Purchase Them.

The only roads in Marion county that are Irvington to Cumberland, and the Pleasant run road. Recently petitions were filed asking the County Commissioners to purchase these thoroughfares. Each petition contained the signatures of fifty freeholders, who asked that the purchase be made. The new gravel road law passed by the Legis-lature just adjourned provides that a peti-tion must have one hundred signatures. It also provides that if the commissioners and the stockholders of a toll road can agree on a price, the road can be bought with the county funds. Heretofore the law, provided that gravel roads must be purchased with township funds. The three petitions were withdrawn yesterday and will be prepared in accordance with the new statute.

CITY NEWS NOTES.

W. P. Smith, one of the recently appointed patrolmen, has resigned to accept a position with the American Express Com-George H. Thomas W. R. C., No. 20, will hold its next regular social in Post Hall, corner of Court and Delaware streets, Tuesday afternoon.

The Indianapolis Art Union has become an auxiliary of the Central Art Association of America, and hereafter will be known as the Indianapolis Art Union of the C. A. A. Isaac Keely was arrested yesterday afternoon by Sergeant Corrigan, charged with grand larceny. Keely is said to have attempted to sell a typewriter which did not belong to him.

The body of Mrs. Anna Deacon, wife of W. H. Deacon, of the Sentinel, was buried at New London, Howard county, yesterday afternoon. The services were conducted by John Newland, the minister of the Friends' Church of that place, from the home of Mrs. Davenport, a sister of Mrs. Deacon. Mr. Newland is a grand uncle of Mrs. Deacon.

The district convention of the Woman's Home Missionary Society of Indianapolis, was held at Shelbyville. April 3. An interesting programme was given. Mrs. S. C. Hartzog, of Hall-place Church, read a paper on "Bohemian Work." Mrs. F. M. Eiliott read a paper, "Our Work in Alaska," A recitation was given by Miss Margaret Dixon. The ladies of Shelbyville entertained their guests.

Utton Veteran Legion. The Union Veteran Legion is a national soldiers' and sailors' organization that is growing rapidly and is quietly taking its place among other organizations of its kind. It has a National Encampment and subordinate encampments scattered through several States. The requirements of membership consist in an enlistment in the service during the war of the rebellion for a period of three years, the enlistment to have been revious to July 1, 1863, and a showing of at least two years' continuous service, un-less sooner discharged on account of wounds received in line of duty.

The badge of membership is a bronze shield, the wearing of which indicates long and active service as a soldier.

The encampment in Indianapolis has a membership of nearly three hundred, with

nightly accessions to the roll. The encampment here is composed of a jolly lot of exsoldiers, and at their monthly meetings they have a large attendance and a good time. One feature is its campfire accompanied by a lunch. James Tanner is the national commander, and expects to visit the local encampment during the summer, when he will be tendered a reception. The meetings are held the second Friday of each month, the next meeting occurring next Friday evening, which will be the anniversary of the firing upon Fort Sumter.

RUN DOWN BY A TRAIN.

Noise of the Engine Behind Him Drowned by Another Train.

by a passenger train on the Big Four road, near Michigan street, yesterday morning, and badly injured. He heard a train coming, but thought it was the one on another track which was coming toward him. He was knocked into the ditch and sustained a painful injury of the right foot and leg. He was removed to the City Hospital, where the foot was amputated by Dr. Marsee. The young man lives with his father, at No. 204 Blake street.

BRYAN STILL IN JAIL

CHICAGO PEOPLE TRYING TO SHOW FRAUD IN SHELBY COUNTY CASE.

Governor Matthews Gives Them Until To-Morrow to Produce Evidence-His View of the Case.

Governor Matthews vesterday gave the parties in the Bryan controversy until tomorrow to ascertain about the validity of the indictment against D. C. Bryan in Shelby county. When asked yesterday why he refused the requisition of Governor Altgeld last December and honored it this time Governor Matthews sald: "In the former case, from affidavits filed by Bryan and Mills & Small, a real-estate firm of this city, I was led to believe that Bryan had made a trade with a Chicago saloon keeper had been here to see the lots, and I concluded the Illinois man was trying to use me to help collect a debt, and that the Indianapolis trader had been too shrewd for the Chicago trader. But now come affidavits saying that when the Chicago man was down here the real-estate firm showed him lots in the northeast part of the city, where the property pointed out as Bryan's, and for which the saloon worth \$3,000 was to be traded, are worth all that Bryan said they were. But the lots named in the deed of transfer are in the extreme other end of town, and are not worth more than \$30 each. They should have been worth \$700 each to make the trade a fair one. Other affidavits say that Bryan, who went by the name of D. Clarendon Bryan went by the name of D. Clarendon Bryan in Chicago, had sold the saloon that he represented to me as worth \$3,000 for \$800, and that he had left Chicago owing the Palmer House a board bill, and also owing the printing house which furnished his business letter head a bill, and several other unpaid bills. The affidavits from Chicago reached me during the rush of the Legislature, and in some way I suppose the fact that the Chicago debtors were still after him reached Bryan's ears. Then he slipped off to Shelbyville and got himself indicted for a trivial offense, so as to be prepared in case he was wanted again. The man who is prosecuting the case in Chicago is not a saloon keeper, and is a reputable business man, according to affidavits from Marshall Field and other well-known men of Chicago."

Commissions Have Been Mailed. Governor Matthews yesterday mailed the Superintendent Smith has important work for the board in the consideration of the plans for the new buildings which are to be erected this summer with the money appropriated by the recent Legislature.

Must Settle on State's Assessment. by Auditor of State Daily not to accept proffers of money by the Western Union Telegraph Company for taxes less than the amount due on the assessments of the State Tax Commission. The suit testing the validity of the supplemental act is still undecided and is resting in the Supreme

Commission Did Not Meet. The State commission for the appointment of the prison directors south did not meet yesterday. Attorney-general Ketcham was out of town.

EQUALIZING LAND APPRAISEMENTS. County Assessor Baker Assisting the Township Assessors.

County Assessor Baker came in, last night, from the out townships, where he by the land appraisers. Mr. Baker accomtownship lines and assisted in making the ppraisement. Land lying along the line between Perry and Franklin townships and beginning at Center township was as-sessed at \$60 an acre. The land decreased in value as the Johnson county line was neared. The lowest estimate was \$35 an acre. Four years ago there was, in some instances, a difference of from \$5 to \$10 an acre on the assessment of land abutting the township lines. Assessor Baker says the error will not occur this year.

Funeral of Ralph Humes Thompson The home of Mr. and Mrs. Gideon B. with sympathizing friends yesterday morning at the funeral of their son, Ralph Humes Thompson, aged seventeen years. The services were conducted by Rev. J. A. Milburn, of the Second Presbyterian Church. In his remarks Mr. Milburn re-The services were conducted by Rev. J. A. Milburn, of the Second Presbyterian Church. In his remarks Mr. Milburn refered to a letter which he had received the day before from John P. Frenzel, and others, of the Merchants' National Bank, where Ralph was employed. This spoke of the youth not only as a faithful employe, but as esteemed also as a friend of them all. The pallbearers were young friends of the deceased boy. The interment followed at Crown Hill. The love in which the young man was held was shown by the unusually numerous offerings of flowers.

Some boys who were playing on the lumps near Mount Jackson found the body of a baby yesterday afternoon. They notitook charge of the body. He says that it has been lying there for a number of weeks and that, it had in all probability been taken there in an ash barrel. There is no clew whatever to the parents of the child.

Scorchers Will Go to Danville. The Scorchers Bicycle Club will visit Danville, Ind., to-day, and if the weather is clear the members expect to enjoy a fine trip. The club will start from the corner of Seventh and Illinois street at 9 o'clock this morning. The wheelmen generally are invited to accompany the club.

The Light Infantry bicycle corps will go to Greenfield this morning.

Transformation.

Transformation.

The rooms in the Old Sentinel Building, formerly occupied by William Laurie & Co., have undergone a Monderful transformation, and former visitors would scarcely recognize the place. Messrs. French & Thompson, recently of St. Louis, have leased the rooms and have had them decorated and painted up until they compare favorably with the handsome business rooms found in metropolitan cities.

The new firm will open at this old location on Tuesday with a complete and entirely new line of men's, boys' and children's clothing, just received from the manufacturers. The splendid location, in conjunction with a new stock of fresh goods, will very likely assure the firm good business from the start. They propose to carry the best stock the market affords, and to keep within the bounds of reasonable prices. Ostrich Tips Colored

And made into pretty half plumes. Charles Failles, 28 South Illinois street. Insure your home in the Glens Falls.

register as warm air," thereby one's feet can be cooled off quickly. It is the reverse of comfort, health or science—all heating unavoidably results in an overhead straia of air much warmer than an overhead straia of air much warmer than at floor—and suggest bringing cold air from above, which gets tempered as it drops, etc. Said progressive manufacturers are said to ventilate a room by admitting air from the basement—close investigation brings out they rely upon the amount of fuel that can be passed through a heater, rather than the close combustion, etc. Their idea of humidity is measured by the amount of water their apparatus will boil away in a given time. Now the incongruity of these ideas are amazingly widely apart from common sense, practicability, health, comfort, economy; but the patient, careless, stolid, sheepish public blindly plod on, buying, using, suffering, paying, grumbling in apparent helplessness. One would suppose a person building a dwelling for their own use would take the trouble to investigate for themselves.
